U.S. Collar Insignias	Use the U.S slot
OFFICERS and ENLISTED	Use the slot labeled "U.S" Ensure that the coat seam line is on top of your coat seam and that the bottom of the Pin-iT Card is resting on the notch.

For use with U.S. Collar Insignias

1. Locate the slot labeled "U.S" on the front and back of the Pin-iT Card. For left side collar use front of card. For right side collar use back of card.
2. Place the Pin-iT Card on your collar so that the engraved dotted line labeled "Coat Seam" is directly over top of your coat seam.
3. Ensure the bottom of the Pin-iT Card is resting on the notch of the collar.
4. Then Place the U.S. insignia into the slot labeled "U.S."
5. This will ensure that your U.S insignia is resting on the coat seam and parallel to the ground.

Front of card

Back of card

For use with Rank Insignia on Flight Cover

1. Locate the hole on the bottom of the Pin-iT Card labeled "Flight Cover"
2. Turn the Pin-iT Card on its side as pictured above and place the Pin-iT Card on the Flight Cover so that the card is resting on the bottom of the Flight Cover.
3. Ensure that the top of the Pin-iT Card is even with the front of the Flight Cover.
4. Place your rank insignia into the hole labeled "Flight Cover" ensuring that the insignia is centered on the cover and the edge of your rank insignia is resting on the $\frac{1}{2}$ " line.
5. Then Pin it on.

This will perfectly place your rank insignia so that the edge of your device is $1 \frac{1}{2}$ " over from the front of the Flight Cover.

For use with Occupational Badges

1. Locate the designated insignia and corresponding letters on the hole chart.
2. Place the insignia in the corresponding holes on the back of the Pin-iT Card.
 1. Ensure that the bottom of the insignia is resting on the $\frac{1}{2}$ " line.
 2. Pin on the insignia.
